3G-RC2211

4 LIGHT SQUARE WITH TRIM
LOW VOLTAGE AR111

CONSTRUCTION

- New construction housing, electrical enclosure, and trim assembly constructed in cold rolled steel
- 3/4" removable trim assembly features an inner sleeve to conceal hardware
- Housings and trims available in various powder coated finishes
- Housing design includes discrete ventilation slots for cooler fixture operation
- A ceiling thickness of 1/2" to 1 3/4" can be accommodated
- Modified configurations available upon request

ELECTRICAL

- Integral electronic transformers
- Electrical enclosures conveniently mount into the side of the housing via 2 thumb screws
- Removable trim assembly allows for access to transformers for easy maintenance
- Transformers are dimmable and multiple circuits available
- Wattage restriction labels are standard
- Fixtures are thermally protected and rated for through branch wiring

LAMP ASSEMBLY

- Lamps mount into solid aluminum adjustable double gimbal
- 45° x 45° lamp adjustment does not require the use of tools
- Can accept up to 3 optical accessories for AR111
- Lamp position within the housing can be modified upon request

MOUNTING

- Suitable for drywall, acoustic, wood, and various architectural ceilings
- Butterfly brackets and C Channel bars included
